

October 2017

Australian Technology Park Redevelopment Night Works Notification

We wanted to notify you about night works that will be taking place next week for the installation of hoarding around Building 3.

We are installing a B-Class (overhead) hoarding for part of Building 3. The hoarding will be installed on Davy Rd East and Central Ave South. The hoarding is required over an active footpath.

In consultation with council, these works are required to be completed out of hours on Davy Road. This is due to the fact that if the footway is closed and pedestrians will have no access into the precinct.

When will this take place?

The works are proposed to commence on Monday 9th of October and will take approximately 4 days to complete.

Ongoing Communication

Mirvac aims to share information in a timely way using a range of communication tools and seeks to respond quickly to our neighbours concerns and questions. Attached to this letter is our project newsletter. This includes further information about construction updates. This is also available on our website, www.atp.com.au.

For any further information please contact the Mirvac Australian Technology Park Community Relations Team via the 24hr phone **1800 870 549** or email atp.communications@mirvac.com.

Yours Sincerely,

Kim Elliott
ATP Communications Specialist
