

## **Construction Update – 2<sup>nd</sup> November 2017**

This notification is regarding the Public Domain works & ATP BBQ's.

### **Public Domain Work**

As you would have noticed, hoarding and fencing is being installed around the entry garden, Innovation Plaza and also the Oval. This will continue to be installed over the coming days however we will be leaving the areas open for as long as possible.

We anticipate that we will need to close it off next week. I will send another notification once this date is confirmed. Once closed, all pedestrians will be required to use Cornwallis Street to access the site.

The bike racks will be relocated tomorrow from the entry garden near the station, to the pocket park at the rear of the National Innovation Centre building.

### **BBQ's**

The BBQ's have been re-instated and are up and working so please call security on 9209 4666 if you'd like them to be turned on.

If you have any questions or concerns on the above, or if you require more information, please contact me at [atp.communications@mirvac.com](mailto:atp.communications@mirvac.com) or call 1800 870 549.

Kind regards, Kim
